

To all of my beloved brothers and sisters in Christ,

Thank you for standing with me. Not for me, but **WITH** me. I am your humble servant as I know you are mine. We work together for the cause of uplifting our Lord Jesus Christ and to bring the awesome news of his death and resurrection, and all that it stands for, to people around the world. For only then can people receive the deliverance they so desperately need.

“Bible Application Ministries” was a vision given to me by our Lord Jesus Christ. It started slowly but I was encouraged by our Lord to remain faithful and it would grow when the time was right. Well, now I am starting to see that growth. It started with my BibleApplicationMinistries.com website.

I have lived in the USA all of my life and have met so many great Christian people here over the years. So, of course it was those whom I have known from the USA who were visiting my website more than anyone else. Lately that has drastically changed. There are people from 31 other countries around the world now visiting my website. Kenya has passed the USA as # 1 in total visits.

Just over two months ago I began working on a teaching series entitled “Abounding in the Good Works of God.” I have now completed 5 episodes. Approximately 20-minutes in length, they are available in video (via YouTube), audio (via my website and smart phone apps such as iHeart Radio, Stitcher, Apple Podcast and Spotify) and PDF text format (from my website).

The watching, listening to and viewing of these teachings started very slowly but has now seen steady growth. And I have been surprised by the location. For the audios, the USA leads the way with 55% of the listeners. But there are also many listeners from Kenya and Pakistan. And even places like Mozambique in East Africa.

Along with all of this, I am starting to see a substantial increase in requests for me to teach and do Christian leadership training sessions around the world. I am being asked to go to Pakistan, Nepal, India and Sri Lanka along with obvious places like Kenya and Uganda. A Christian is now working at translating my teaching sessions into Spanish. Today I was asked if I could teach for a week at a Bible school in Uganda. Many in the past few days are

asking me to join forces with them in the spreading of the Gospel in their countries.

It is very appropriate that my latest teaching, “A Call for Unity in the Body of Christ” is all about Christians from around the world working together as a team both to build each other up and to spread the message from the Word of God to hungry hearts that are ready to receive.

I sensed great spiritual revival going on when I was in Kenya and Uganda for 3 weeks last March. I am also receiving news that this revival is occurring in countries like Pakistan and Sri Lanka where Christianity hardly existed at all 20 to 40 years ago. I posted on my Facebook news feed, “God is at work in a mighty way. I am just along for the ride!” Now you know the heart behind that posting.

Many of you who are reading this email are anxiously waiting for me to tell you when I will be going to your country to train leadership and do Bible classes for young people. I don't have details on that yet other than to tell you that next year I am planning to focus on Rwanda, Kenya, Tanzania and Uganda. After that I am strongly praying about Pakistan, Nepal and Sri Lanka.

I hope to have at least some detailed news to share with you about my future mission trips within 2 to 3 weeks from now. In the meantime, I appreciate your prayers. I choose to go to none of these places of my own will. I am looking for clear directions from our Lord Jesus Christ. Only then do I plan to travel.

God loves you and so do I.
